Call to Action for the 2020 Census: A Once-in-a-Decade Opportunity to be Counted

Another undercount for 2020 means another ten years of relying on inaccurate data to inform our state's political representation and funding for vital resources. For too long, the census has missed disproportionate numbers of people of color, young children and the rural and urban poor, and with new challenges in 2020, participation of hard-to-count populations may be hindered further. With the count only a year away, now is the time for the philanthropic sector to step up and get New Jersey counted.

Speaker: Arturo Vargas (*Chief Executive Officer, NALEO Educational Fund*)

→ **2:30 to 3:15 pm Ice Cream Reception, Networking, and Resource Marketplace** (Grand Foyer)
