

New Jersey Legislative District 20

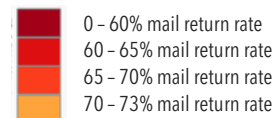

New Jersey Legislative District 20 had a total of **120,846** people living in “hard-to-count” (HTC) census tracts—or areas where a low percentage of residents completed and returned their most recent census questionnaire. This number equates to a total of **53%** of the district’s total population.

Total population	229,115
Population living in HTC areas	120,846
Percentage living in HTC areas	53%

Hardest to Count (HTC)

Tracts with 2010 mail return rates of 73% or less (in the bottom 20 percent of return rates nationwide) are shaded on the map. Tracts with >73% return rate are not displayed.

The Census has low response rates in some areas and among certain population groups, who are at risk of being undercounted. Some of these hard-to-count population groups include certain racial and ethnic minority groups and children under age 5. For example, of all children under age 5 living in Legislative District 20, **62%** lived in areas at greatest risk of undercount.

● Demographic Groups Living in Hard-to-Count Areas

Demographic Group	Number Living in HTC Areas	Percentage Living in HTC Areas
Black or African American	39,296	56%
Hispanic or Latinx	67,007	67%
Asian	2,910	27%
Children Under Age 5	9,487	62%

Some parts of New Jersey have a greater proportion of hard-to-count census areas than others. The chart below shows the municipalities in District 20 with at least one hard-to-count census tract.

● Municipalities with at Least One Hard-to-Count Area (Total Population ≥ 5,000)

Municipality	HTC Population	% Total Population Living in HTC Areas	% Black or African American Living in HTC Areas*	% Hispanic or Latinx Living in HTC Areas*	% Asian Living in HTC Areas*	% Children Under Age 5 Living in HTC Areas*
Elizabeth	96,108	75%	86%	76%	71%	79%
Roselle	17,725	82%	82%	83%	82%	93%
Union Township	4,661	8%	22%	4%	2%	8%
Hillside	2,352	11%	14%	9%	13%	15%

*Hard-to-count demographic sub-group populations out of total sub-group populations.
