

# Understanding and Applying for Child Care Stabilization Grants

Rebekka Zydel

March 1, 2022

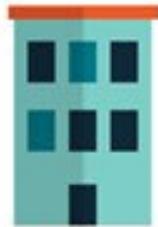

This webinar is provided by ACNJ, with funding from the National Association for the Education of Young Children (NAEYC), Child Care Aware of America, and the National Association for Family Child Care (NAFCC).

# NJ ARP Stabilization Grants

Thanks to the federal government and NJ Department of Human Services Division of Family Development, funding for non-competitive grants are being made available to ALL center-based and family child care programs (including those that do not accept subsidies) to help with operational expenses including:

## Child care stabilization funds may be used for:

Rent, Mortgages, & Utilities

Payroll Benefits

Health & Safety Training

Goods to Continue Child Care

Mental Health Support for Staff & Children

PPE, Cleaning, & Sanitizing Supplies

Equipment Related to COVID-19

# Sounds great but....

I'll have to pay taxes on the grant amount that I receive.

True, it can increase your tax liability, and it can still provide new income, even if you have to pay taxes on it.

## Sounds great but....

I'm going to be audited and I don't want the hassle of someone going through my records.

True, you **may be** audited and being prepared requires only a few simple steps that you likely already have in place.

# Sounds great but....

I can't access my provider profile in NJCCIS.

Technology can be challenging and there is help.

For NJCCIS account questions, including questions about passwords,  
contact:

Email: [NJCallCenter@e-tcc.com](mailto:NJCallCenter@e-tcc.com)

Phone: 1-800-332-6512

## Sounds great but....

I don't have time to complete the application.

Yes, it takes approximately 45 minutes to complete the application, and an investment of time can increase revenue for your program.

# Sounds great but....

I wouldn't know where to begin or how to use the funding.

You've come to the right place. This webinar will walk you through the process and give you tips for how to make the best use of the funds.

### Family Child Care Home Provider Tax Tips

Understanding the Time-Space Percentage Used to Claim Business Expenses on Your Tax Forms January 2021

Child care is a business. For Family Child Care providers, there are tax benefits to claim related to operating a business out of your home. Understanding the "Time-Space percentage" will enable FCC providers to determine the business portion of expenses that are used for both business and personal purposes. This means tax savings for you!

**Time-Space formula:**

**Time Percent**

- # of hours your home is used for business purposes
- divided by total # of hours per year

X

**Space Percent**

- # of square feet of your home used regularly for business purposes
- divided by total # of square feet in your home

=

**Time-Space Percentage**

Use your Time-Space Percentage on shared business/personal expenses such as: utilities (gas, oil, electric, garbage, water, sewer, cable television), property tax, mortgage interest, house insurance, house repairs, house depreciation, rent, fences, computers, DVD player, television, toys, cleaning supplies and so on. Fill out [IRS Form 8829](#) Expenses for Business Use of Your Home.

**Time Percent Example**

- 11 hours/day caring for children per week = 55 hours per week x 52 weeks = 2,860 hours per year
- 10 hours per week cleaning, activity preparation, etc. x 52 weeks = 520 hours per year
- Total: 3,380 hours per year divided by 8,760 hours in a year = **38.9% Time**

**Space Percent Example**

- You can count a room as regularly used for your business if you use it 2 or more times a week: kitchen, bedroom for naps, bathrooms, living room, play room, laundry room, etc.
- 1,900 square feet used regularly divided by 2,000 total square feet of home = **95% Space**

**Time-Space Percentage**

- **38.9% Time x 95% Space = 37% Time-Space Percentage**

**Example**

- \$50 arts and craft supplies used 100% for business = \$50 business deduction
- \$100 toy used for both business and personal purposes x 37% Time-Space = \$37 business deduction
- \$60 sweater for yourself = zero business deduction. Personal expenses are not deductible

### American Rescue Plan: Health Insurance Coverage for the Child Care Workforce

May 13, 2021

The American Rescue Plan makes health care coverage more affordable. For individuals without health care insurance or those who have insurance through [Get Covered New Jersey](#), New Jersey's official health insurance marketplace, the American Rescue Plan reduces the cost of health insurance. Many individuals working in child care (center-based programs or home-based programs) may not have employer-sponsored health care plans. Check out [Get Covered New Jersey](#) today!

**848,800** About 848,800 individuals in New Jersey are uninsured.

**269,560** About 269,560 individuals in New Jersey currently have health plans through [Get Covered New Jersey](#).

**American Rescue Plan Affordability Changes.** HHS estimates that under the American Rescue Plan,

- 3 out of 4 uninsured individuals can access \$0 cost health coverage
- 4 out of 5 current market place consumers will be able to find a health plan for \$10 per month
- Many people choosing health plans through the marketplace will see their monthly premiums decline by \$50 per person per month and \$85 per family policy per month

#### Who can receive these new health care subsidies?

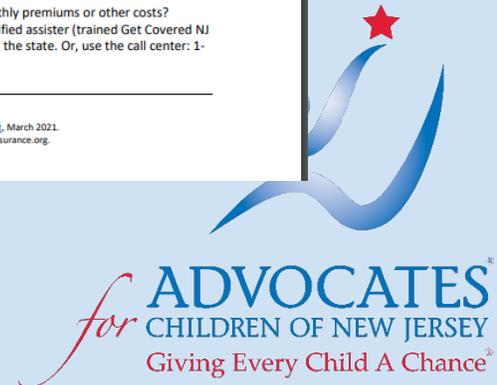

- Anyone who is currently uninsured (and legally in this country) or, anyone already insured through [Get Covered New Jersey](#) plans.
- Subsidies are based on income and other factors such as age, number of people in the family (as well as age of those in the family) and plans offered in your geographical area.
- Participating health insurers cannot discriminate based on pre-existing conditions.

**Timing and Deadlines.** The new expanded health care subsidies went into effect April 1, 2021. The enrollment period (or change period if you have a current plan) runs through December 31, 2021. The sooner you apply, the sooner you can obtain coverage. Or, if you already have a health plan, the sooner you can pay less. These expanded subsidies are in place for 2021 and 2022 (unless extended by Congress).

**Free Help.** Need help comparing plans? Have questions about monthly premiums or other costs?
