

State Totals

Children Under Age 3	302,085
Families Receiving a Home Visit	4,962
Percent of Families of Children Under Age 3 Served	1.64%

The Maternal Infant and Early Childhood Home Visiting (MIECHV) program is the largest federal investment in voluntary home visiting, delivering evidence-based services that strengthen the parent-child relationship and connect families to vital community resources to support long-term healthy development and well-being. Home visitors meet with parents one on one from pregnancy through their child's kindergarten entry to help lay the foundation for the health, education, development that will enable home visiting programs to reach more families.

Visits by caring, experienced professionals who provide families support and connections to needed resources and services can help families leverage their strengths so they can thrive. In New Jersey, MIECHV funding supports 3 home visiting programs models including: Healthy Families, Nurse Family Partnership and Parents As Teachers.

Learn more at [Advocates for Children of New Jersey](https://www.advocatesforchildren.org).

Home Visiting data was supplied by the NJ Department of Children and Families as of June 30th, 2025.

Birth Data came from the NJ Department of Health, NJ State Health Assessment Data, NJ Birth Certificate Database for total number of live births for 2023, 2024 and 2025. Data accessed as of March 2026.

Please Note: Due to data suppression and the overlap of municipalities and Congressional Districts, the data presented represents an estimate of the total number of families served per Congressional District.
