JerseyClicks – <https://www.jerseyclicks.org>

JerseyClicks.org is a statewide electronic resources program offered by the NJ State Library (NJSL), funded by the Institute of Museum and Library Services (IMLS) Library Services and Technology Act (LSTA) and the New Jersey Library Network.

The program offers a selection of databases for college & K-12 students, public libraries, state government and New Jersey residents, free of cost. JerseyClicks provides access to over 20 databases, which cover a host of topics and academic pursuits.

Palace Project –
https://www.njstatelib.org/services_for_libraries/statewide_services/the-palace-project/

A new digital library service developed by LYRASIS, that offers access to free eBooks and audiobooks in one easy-to-use app. Through the Palace app, library users have access to over 20,000 items curated by the [Digital Public Library of America](#) and the NJ State Library (NJSL). Users can access the Palace app on their preferred mobile device or tablet via download from the Apple or Google Play stores.

The process for signing up is completely self-contained within the Palace app, and will require only an email address and authentication through geolocation (anywhere in NJ).
